

EGATE INC.
Company Profile

The Company – EGATE INC.

EGATE INC. is a well establish trading company in the Philippines and it is your reliable partner for all of your technology and industrial needs. Our company has been in the business for the past twenty (20) years servicing different clients engaged in manufacturing and production that are mostly located at Philippine Economic Zone Area (PEZA registered).

Our reputation has been earned through timely support on cost, service and delivery to our clients. We shall continue to strive for excellence in delivering customer satisfaction and also supporting them to achieve their goals.

EGATE INC. can use our vast experience when it comes to service, technology and supply to provide you quality solutions to your needs.

– Mission

To promote good quality products at competitive prices offering the best value.

To continuously support the customer on how to save cost without compromising quality of products.

To satisfy our customers not just with our product quality but with prompt services of our staff.

Core Strategy – System and Service Oriented

We push on having a system based work and services to give our client a systematic approach thus providing faster services and solutions.

We put our client on the heart of our operations and aims to provide dependability, quality, and flexibility, all at very competitive prices.

Competitive Edge

- *Experience*

More than 20 Years of Experience on providing technology, service and products.

- *Manufacturers and Suppliers*

EGATE INC. has direct contact to Korean manufacturers and suppliers thus we can give very competitive prices on our offered products. We also have a wide array of products from different leading global suppliers to cater your needs.

- *Lower Costs*

Because we have direct manufacturer/supplier prices we can offer you the most competitive prices in the market.

Main Products

– *Printer, Copier, Ink and Toners*

1. Remanufactured Ink and Toners

Recycled cartridges and toners that has been refilled and diagnosed to produce good quality prints but in much affordable price.

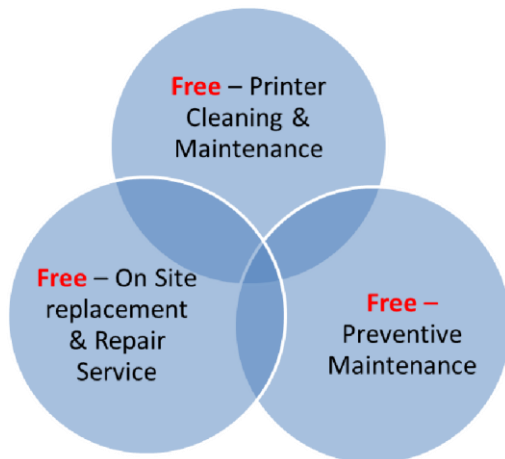

2. Compatible Ink and Toners

Print Quality and packaging almost the same as the original but has a price that is definitely less

3. Printer for Lease

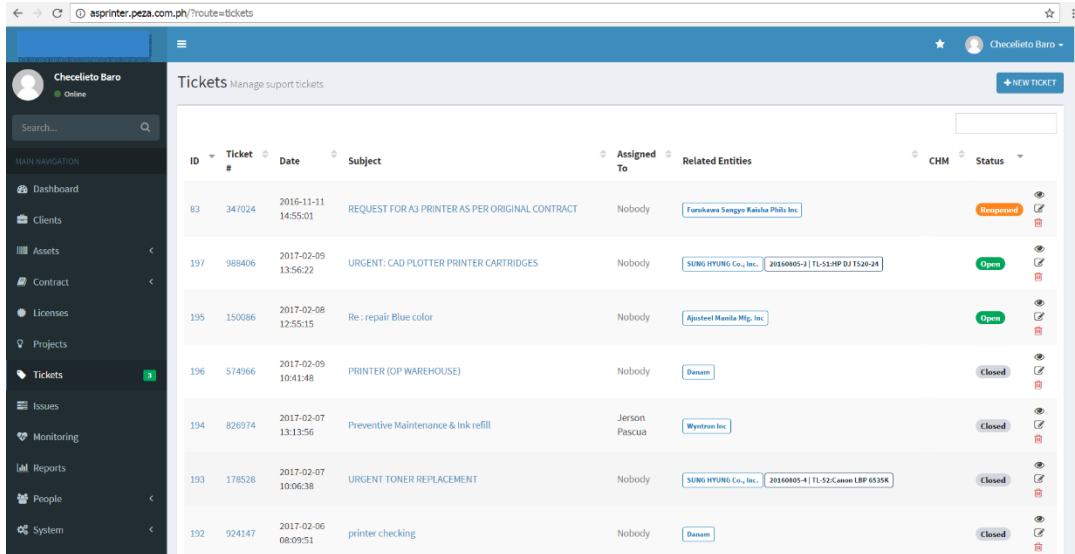

Monthly rental contract with different schemes and options to address your printing needs at a cost-efficient way.

3.1 Printer Service

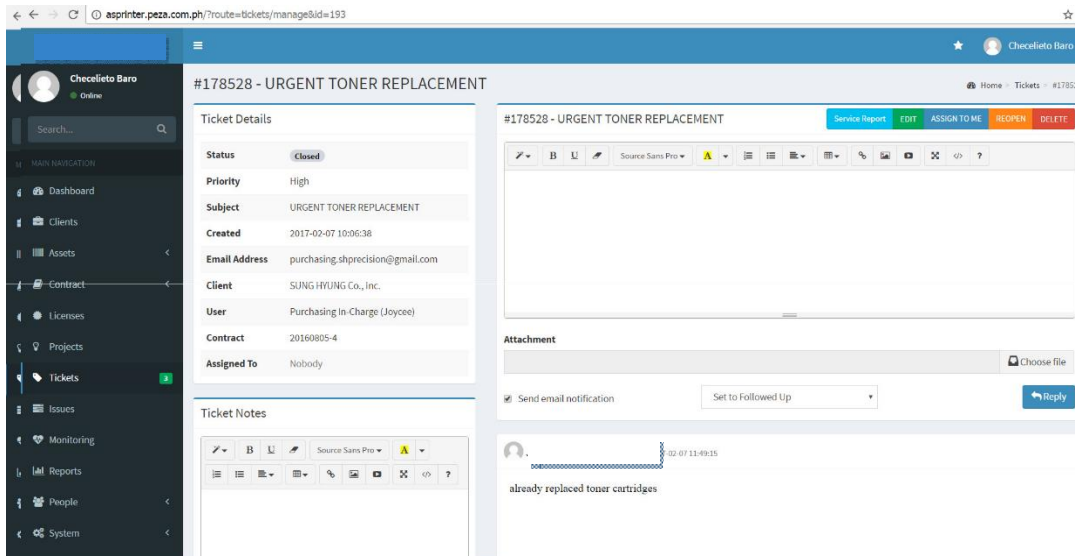

4. Support

We have online ticketing system for our printers for easier reporting on printer errors, ink refills and all printer related problems.
